April 25, 2020 | Venue West, 221 N Paulina Street, Chicago

Roaring into 2020 at Amate Magic

WHY YOU SHOULD SUPPORT AMATE HOUSE

Since 1984, Amate House has provided quality leadership development programming paired with full time service to over 830 young adults who have become leaders in our community. During their service year, they volunteered full time with one of over 200 non-profit partner sites. They have become social justice ambassadors who build a stronger and more just world for us to live in. They are school principals, religious, social workers, leaders in business, health care professionals, lawyers, and parents. They continue to accompany immigrants, the elderly, and the sick; they help to teach, to heal, and to protect those who cannot do so for themselves.

Over the last 36 years, Amate House fellows have donated over 1.4 million service hours valued at over \$35 million dollars.

YOUR SPONSORSHIP MAKES A DIFFERENCE!

Amate Magic raises nearly a quarter of Amate House's budget for the fiscal year. Your sponsorship not only supports the young women and men who are serving this year, but also the under-served residents of Chicago whose lives they have impacted through their service both during and after their participation in the program. Together we can help to build stronger communities for all Chicagoans.

AMATE HOUSE MISSION

Amate House develops young adult leaders into life-long social justice advocates who serve their communities while deepening their faith. We aspire to build a more just and loving society through leadership development for the Church and the world.
